50th ANNUAL REPORT

1987 Calendar Year
Fiscal Year 1988

Steve Cowper, Governor

J. Anthony Smith, Commissioner

Paul Roller, Director

SUBMITTED TO THE COMMISSIONER OF COMMERCE AND ECONOMIC DEVELOPMENT AND MEMBERS OF THE STATE LEGISLATURE

As Director of the Division of Insurance for the State of Alaska, I submit to you the 50th Annual Insurance Report for the 1987 calendar year as provided for in AS 21.06.110.

During this past calendar year, the Division of Insurance has undertaken a comprehensive internal evaluation to determine whether or not it is properly carrying out the obligations imposed upon it by the Legislature to regulate the insurance industry within the State of Alaska. As a result of that evaluation, the division has identified areas in which it believes that its performance can be improved and has implemented procedures to improve that performance.

One of the areas in which the division believes that it can improve its performance is in the area of insurance premium taxes. Insurance premium taxes constitute a significant revenue base for the state. This past fiscal year, those taxes totalled approximately to $23,660,000.

A primary area where the division believes that additional revenue should be forthcoming is in the area of out-of-state insurance brokers who have failed to pay the premium taxes due and owing the State of Alaska for insurance written on Alaska risks and Alaska residents. Those additional revenues are in the process of being determined, but it is anticipated that the evaluation will show that substantial sums of tax revenues have gone uncollected. A pattern of nonpayment has been in existence for a period of time. The division hopes to be able to supplement this report and to provide the Legislature additional information and recommendations during the first session of the Sixteenth Legislature.

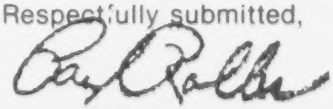
Apart from its efforts to collect revenues for the State of Alaska, the division has also begun to implement an ongoing policy of consumer information and advocacy. In this area, the division's efforts have been made possible by the provision of additional personnel positions funded by the Alaska Legislature. Even so, the division, with only 25 employees and an annual budget of $1.6 million, is still limited in the activities which it can undertake. Nevertheless, the division has, in the past few months, succeeded in drafting and presenting to the Attorney General's Office, for its review, regulations to implement the Fair Claims Practices Act and to establish thereby a "bill of rights" for insurance consumers in the State of Alaska.

Yet, another area in which the division is attempting to improve its performance is through the calling of insurance company examinations and audits. The Legislature has mandated periodic examinations of insurance companies doing business in the State of Alaska. In the past, these examinations were not conducted on a regular basis. It is the division's hope to institute procedures whereby the Legislature's mandate will, in fact, be honored in the future.

Finally, it is the division's opinion that significant problems with the insurance industry are likely to surface in the next few years. The international reinsurance market, which is of significant importance to Alaska, appears to be facing a period of flat or declining revenues. It is also likely that there will be a continuation of the currently existing national trend of insolvencies on the part of property and casualty insurers. The status of the health care insurance market is unclear, but the best indications are that significant premium increases will be requested by the industry in the near future because of losses sustained over the last few years.

In view of the gravity of the national insurance situation, the division does not feel that a policy of "watchful waiting" is adequate to protect the interest of the people of Alaska. Rather, the division is evaluating and hopes to implement policies which will mitigate any impact these nationwide insurance industry problems might have for the people of the State of Alaska.

Respectfully submitted,



Paul Roller
Director of Insurance

This statistical data represents complaints and inquiries submitted in written form to the division. Telephone inquiries are handled with no records of the calls maintained.

Consumers providing verbal information involving possible statute violations are encouraged to file a written report with their supporting paperwork. Other telephone inquiries fall into the category of consumer assistance through education of the functions of the Anchorage field office, and the technicalities of insurance contracts.

The complaints coverage area is broken down by underwriting, marketing, or claims settlement problems. The largest number of complaints (90) was produced by "Group Health Insurance" with a majority of the problems concerning claim settlements. The second largest area was "Private Passenger Automobile" (69), involving underwriting problems.

* NOTE: The fiscal year 1987 annual report reflected an inaccurate number (55) for complaints pending as of 6/30/87. The correct number was 49.
